COURSEWORK

UNDERGRADUATE

Data Structures and Algorithms
Object-Oriented Programming
Database Management System (DBMS)
Operating System

CERTIFICATIONS

- Salesforce Certified Administrator
- Salesforce Certified Platform DeveloperI
- Salesforce Certified App Builder
- Programming in Java (NPTEL)

SKILLS

PROGRAMMING

Languages
- Apex
- Java
- HTML
- CSS
- JavaScript

Salesforce Technologies
- Lightning Web Component
- Aura
- Visualforce

Database Query Languages
- MySQL
- SOQL
- SOSL

Tools
- GIT
- Visual Code
- Android Studio

EXPERIENCE

COGNIZANT | Salesforce Developer

Sept 2022 - Present | Noida

- Developed and maintained custom Salesforce applications using **Apex, Visualforce**, and Lightning components to meet complex business requirements, ensuring robust and scalable solutions.

- Built and automated business processes using **Process Builder, Workflow, and Trigger, Asynchronous Apex** significantly reducing manual intervention and streamlining operations.

- Crafted dynamic **Salesforce Communities** with JavaScript, HTML, and CSS, enhancing customer interactions and promoting brand loyalty through superior user experiences.

- Collaborated with **cross-functional teams** to analyze requirements, **design innovative solutions**, and implement changes, ensuring projects were delivered on time and met business objectives.

- Provided expert technical support and training to end-users and team members, fostering a collaborative and knowledgeable work environment.

COGNIZANT | Salesforce Developer Intern

Feb 2022 – Aug 2022 | Noida

- Proficient in **Lightning Web Components (LWC)**, adept at building responsive and interactive user interfaces on the Salesforce platform.

- Skilled in Apex development for implementing backend logic, i**ncluding triggers, batch processes**, and integration with LWC.

PROJECTS

PARAM VIR AWARDEES | Android (Java + Kotlin + Firebase)

- Contains the thrilling stories of the 21 Indian warriors. Also, read the citations in English and Hindi.
